

Mini Dental Implant Centers of America

Having Trouble With Your Dentures?

Are You Missing One or More Teeth?

Mini Dental Implants are for you!

- Can help you eat, smile, and speak with renewed confidence
- Are placed using a simple, gentle, non-surgical approach
- Are affordable - less than half the cost of old, conventional-style implants
- Can be placed to anchor dentures or cemented crowns & bridges
- Can help to preserve bone & facial appearance

Welcome to Mini Dental Implant Centers of America

Our focus is on providing you with the revolutionary benefits of mini dental implant dentistry. This unique approach to modern dentistry offers new opportunities for individuals who have lost one or more teeth. For the first time, we can replace missing teeth with implant supported cemented and/or removable restorations in as little as one visit, without the complications of major oral surgery and long healing times.

Have Your Implants Placed in the Morning and Enjoy Your Favorite Meal That Same Evening.

- Most procedures are accomplished in one visit
- We use a simple, gentle, non-surgical approach
- Eat, smile, and speak with renewed confidence
- Less than half the cost of conventional implants
- Anchoring for dentures, cemented crowns & bridges
- Preserves bone and facial appearance

Marvin Harols

"This experience was the best I have had. No discomfort, very relaxed... feels like the real thing. This was a pleasurable experience for a dentist visit. Staff is super friendly and exceptionally understanding and helpful."
